

ZNZ PhD Retreat 2016 – World Café Tables

1) Large scale simulations of neural circuits – why bother?

Moderation: Richard George

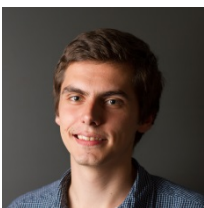

2) Research in psychiatry: from bench to bedside?

Moderation: Vinita Jagannath

3) How to deal with the amount of published neuroscience data?

Moderation: Karlis Kandars

4) The future of biomedical imaging in neuroscience

Moderation: Georges Hankov

5) How can we improve behavioral data reproducibility?

Moderation: Irina Lazar-Contes

6) Why is there no cure for most neurodegenerative diseases?

Moderation: Chiara Foglieni and Giorgio Ulrich
